VENICE RUNNING HUB

Welcome to the Venice Running Hub!

The OFFICIAL PACKAGES for the Venice Marathon from 2025 are finally in the lagoon!

An exclusive experience designed for runners who want to experience the magic of the race while immersed in the extraordinary beauty of the lagoon.

The **Venice Running Hub** is expanding and taking shape at Tronchetto, becoming a true hub for athletes and their companions. Here, the welcome is enhanced by a selection of modern and comfortable accommodations, including the Hampton by Hilton, the event's official hotel, alongside a new facility that expands the hub's offerings. Inside the Running Hub, athletes can **fully immerse themselves in the race atmosphere**, sharing moments with fellow runners and top athletes, and find everything they need to tackle the competition.

The official packages include tailored hospitality, dedicated services, and an organization designed to simplify every detail of the experience.

The district is the operational heart of the event: the departure and arrival point for the shuttle service that takes participants to the starting line and brings them back comfortably at the end of the race.

Perfectly connected to the city, it is easily accessible by ferry from Santa Lucia Station, as well as by car and bus, with parking available for those arriving by private vehicle.

A unique opportunity to experience the Venice Marathon in the utmost comfort, in one of the most iconic locations in the world.
